Salt Lake City, UT 84114-5801

Dear Mr. Munson:

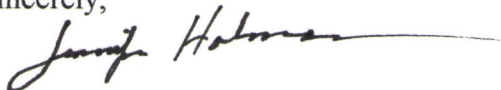

Per our telephone conversation this morning, I am enclosing the information you requested. I am also enclosing copies of the maps and other pertinent information that may be helpful.

In addition to mining the shale and pipestone (catlinite), it is our intent to quarry building stone.

As we discussed, the fees for this property have already been paid to your agency for the upcoming year. Please advise us if you require more information, or have further requirements that we have not addressed. We are intending to use a Bobcat, Cat, front-end loader, excavator, and use of dynamite at the mine site.

Thank you for your advise and assistance.

Sincerely,

Jennifer Holman
